About Us

As Headteacher of Dolphin School, I'm incredibly proud to share that Dolphin School Trust (including Noah's Ark Nurseries) has been awarded the highest mark of Excellence by the Independent Schools Inspectorate.

One of the many highlights from the 2022 report was that 100% of parents felt their child was being equipped with the teamwork, collaboration and research skills they need for later life—a reflection of the dedication, creativity and care that our whole team brings to every aspect of school life.

Nestled in the heart of Northcote Road, Clapham Junction, Dolphin is a school brimming with life, love and learning. We are rooted in values such as individuality, strong relationships, moral integrity and mutual respect.

Dolphin is proudly a family school with Christian values. We work tirelessly within our community to offer a rich and diverse educational experience. Our pupils are deeply invested in their learning and in one another—they live and breathe a sense of ownership and belonging that gives Dolphin its truly distinctive spirit.

Our Ethos

Our Christian ethos, rooted in our motto 'Love, Wisdom, Truth,' shapes every aspect of school life. We believe each child should be known, valued, and loved. With small classes and a culture of active participation, our pupils grow in confidence, empathy, and self-worth—creating a calm, supportive environment for learning and personal growth.

Through curiosity, exploration, and open dialogue, pupils deepen their understanding of the world and others, learning to live with integrity and respect.

In our classrooms, where fairness and trust flourish, children are free to be themselves, to take risks in learning, and to discover even more of what it means to live in Love, Wisdom, and Truth.
